Recurrence Experiments 2, Revised (Cluster then Recur)

Thursday, April 30, 2020   10:57 AM

Folder: 18847-rTNN\mark_test_records\cluster_first_more_less_recurrence

This is a revisitation of using a distinct clustering layer before the recurrent layer.

	Baseline	More buffers (4) with feedback only from the 4th.		
Log-Reg Loss	0.8655	0.6966		
Overall Accuracy	11.21	12.71		
Images of feedforward and recurrent weights
